

THE SONG IN YOU
Finding Your Voice, Redefining Your Life
by
LaDonna Gatlin & Mike Marino
Foreword by Country Music Legend Larry Gatlin

Before Larry Gatlin & the Gatlin Brothers became one of the biggest names in country music, they toured with their sister LaDonna. In her optimistic message of hope and healing, LaDonna shares the choice she made to leave the family group and embark on a different "tour"...becoming a wife and mother, putting family first, overcoming adversity, and ultimately helping to inspire countless others discover their own "song."

Yes, LaDonna believes we all have a song to sing...something within us that sets us apart as special and unique. To be our absolute best, we must find our own voice, and that's the message of her new book:

The Song in You: Finding Your Voice, Redefining Your Life (HCI Books)

A member of the National Speakers Association Hall of Fame, she has inspired thousands of people for almost two decades through her wisdom, humor, and song . . . and in **The Song in You**, she takes readers down an inspirational path to uncovering their own potential, purpose, and passion.

Using the seven notes of the musical scale, LaDonna uses her own story, including her dramatic personal struggles, to craft a spiritually uplifting message:

DO Do the right thing
RE Realize your potential
MI Mind your manners
FA Failures can become fertilizer
SOL Solutions begin with me
LA Laugh
TI Time is valuable
...that will bring us back to...
DO Do the right thing

The Song in You contains practical, emotional, and spiritual insights gleaned from LaDonna's experiences as part of a famous musical family, and also as a woman whose faith caused her to walk away from untold riches, follow her heart, and sing a different song apart from her brothers. With a finely tuned voice, sharp wit, and engaging communication style crafted over a lifetime of performing, LaDonna ignites readers to boldly discover their passion, connect with their voice, and embrace a life of purpose and meaning.
