

**LaDONNA GATLIN  
AV SPECS**

***LIFE IN THE KEY OF CHANGE (This is NOT What I signed Up For!)  
(Musical Keynote)***

Note:

LaDonna sings to CD accompaniment tracks and uses Power Point during this presentation. Unless the venue already has a good quality sound system and video support in place, the following equipment is requested for **optimum performance**. Overhead ceiling speakers found in most hotel ballrooms are not adequate.

**AUDIO REQUIREMENTS:**

1. Powered speakers on stands (JBL or equivalent is preferred).
2. Amplifier (if not using powered speakers)
3. Mixer with 2 open channels for vocal microphone and track
4. CD Player
5. Wired or wireless handheld microphone (Shure SM 58 or equivalent is preferred)
6. Qualified operator for sound check and performance.

**VIDEO REQUIREMENTS:**

1. Projector(s) and Screen(s) appropriate for venue and audience size.
2. Small draped table center stage, power strip, VGA cable (LaDonna will provide adapter and will operate the PowerPoint from her MacBook laptop center stage.)

LaDonna will need access to the meeting room at least one hour prior to event start time for sound check.
